Hi James,

I am not sure if VWR has an account number for the State in Amherst. Therefore, I used the account number of the Dept. of Public Health in Jamaica Plains and modified the address. If you could e-mail me back you exact street, I can add the correct info into the quote. Also, if you do buy from VWR and don't have an account number for your Amherst shipping address, we should set your facility up. Just let me know:)

I have attached the quote for the filaments below. Please let me know if you have any questions.
(See attached file: VBQ2220809_Agilent filaments.JHanchett.4.26.06.doc)
Thanks:)
